

Each year, at the end of September, we send our business members a dealer information form for them to complete and return for their four free listings in the annual Tucson Fossil Dealers and Events Guide.

Each year we get several requests to add new categories after the forms have been printed and sent. We have decided to share the list with our members in advance, asking for you to review it and if you have new products to showcase, and think you would like us to add a new product category, now is the time.

Simply email george@stonejungle.com with your suggested new category and we will consider it. After the forms are completed in September, we will not be able to honor your request.

2019 Listing Categories

- | | | | |
|---|---|---|--|
| <input type="checkbox"/> Amber | <input type="checkbox"/> Forensic Osteology | <input type="checkbox"/> Home Decor | <input type="checkbox"/> Skeletal Mounts |
